PORTONAVE

Dear Customers,

The information **on Portonave's public IPs will be changed as from 17/02/2020**. In this sense, it may happen problems with EDI transmission.

We kindly request you to check the address sent via DNS. **Portonave's DNS is edi.portonave.com.br** . Only systems that do not support DNS should be configured directly with the IP (new IP 45.183.246.4).

During this process, a connection failure may occur.

We also ask you to forward this message to the area responsible for sending your company's EDIs or IT dept., if necessary.

If you have any question, please contact bboera@portonave.com.br .
